**All UMBRELLA REQUESTS are to be conducted as Policy Existence plus Policy Limits Traces.*

Policy Limits tracing services are offered on a "No-Find, No-Fee" basis. Thus, if we do not find the policy limits that you have requested, there is no charge to you. -- Policy Existence tracing services, including Umbrella traces, are subject to a \$25 processing fee. If your Policy Existence Trace Request results in a positive research result, the \$25.00 Processing Fee will be waived and our standard fee schedule, provided above, will apply. If your Policy Existence Trace Request results in a "No-Hit", you will be invoiced for solely the \$25.00 Processing Fee. -- As cases age, it becomes increasingly difficult to trace insurance policy information. Our Fee Schedule is structured accordingly.
